December 14, 1992

Mr. Alfred Sikes
Chairman, Federal Communications Commission
1919 M. St. NW, Room 222
Washington, D.C. 20554

Dear Mr. Sikes:

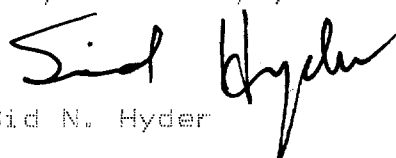

My local cable television company, Adelphia Cable Communications, has just announced an increase of \$2 for the basic service from \$20.95 to \$22.95. They are increasing their price before the enactment of Federal regulation. Let me show you how they have been raising their prices of basic services since 1985.

Year	Cost of basic service
1985	\$7.75
1986	8.10
1987	10.95
1988	10.95
1989	12.95
1990	16.95
1991	18.95
1992	20.95
1993	22.95 Just announced by the cable company

Until 1986 the name of the cable company was Indiana Cablevision. Beginning 1987 the name changed to Adelphia Cable Communications, 1 Adelphia Dr., Blairsville, Pa. 15717, phone (412) 459-5400.

Would you please try to stop this highway robbery by a cable television company because of their monopoly in this industry.

Very sincerely yours

Sid N. Hyder

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

December 1, 1992

Dear Valued Customer:

King Videocable is committed to providing you the best cable television service at the lowest possible price. We are particularly proud that we have earned the National Cable Television Association's Gold Seal of Good Customer Service for the third year in a row.

Despite our efforts of holding down controlled expenses, programming costs and uncontrollable operational expenses continue to increase. Effective January 1, 1993 King Videocable will be increasing its rates as indicated on the back of this letter.

The following services will be increased:

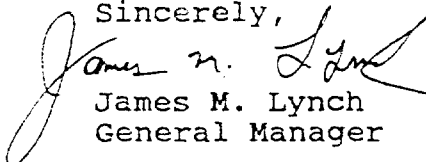

- "Limited Basic" will increase from \$17.36 to \$18.22.
- "Cable Channels" will increase from \$3.74 to \$4.30.
- "Cable Service Package" will increase from \$21.10 to \$22.52.
- "Senior Lifeline Basic" will increase from \$15.84 to \$16.88.

These rates include the 5% Franchise Fee collected by Los Angeles County or the City of Los Angeles.

We at King Videocable continue our efforts to provide the best value for your entertainment dollar through programming selection; the installation of an improved communication system to better respond to customer needs; and by keeping changes in rates to a minimum remaining competitive in the video entertainment market. As noted on the chart, rates have not increased for the majority of services we offer. Even with these modest increases, our Cable Service Package continues to be priced among the lowest in the area. Qualified low income senior citizens will continue to benefit from a 25% discount on their Cable Service Package rate.

Thank you very much for your patronage.

Sincerely,

James M. Lynch
General Manager

Re: Cable Rate Regulation-MM Docket 92-266
Cable Customer Service-MM Docket 92-263

Gentlemen:

We have just negotiated a new contract with Continental Cablevision for our condominium for basic cable. The rates have increased over 75% and, after much investigation, we are obliged to use Continental Cable at these exorbitant rates as they have a monopoly on the area as well as a franchise with the City of Lauderhill which runs until 1999 with options to renew.

Regulations are necessary in this industry and we urge the FCC to consider these exorbitant rates and do something about it.

Thank you.

ENVIRON TOWERS II CONDO ASSOC.
